Supreme Court Public Affairs  
ERISA and Health Insurance Subrogation

In All 50 States is the most complete and thorough treatise covering the complex subject of ERISA and health insurance subrogation ever published. NEW TO THE FIFTH EDITION! • Updated To Include All The Newest Case Law! • Updated To Include Medicaid Subrogation and Preemption of FEHBA ! • New Plan Language Recommendations! • Complete Health Insurance Subrogation Laws In All 50 States • Covers The Application of ERISA In Every Federal Circuit The Fifth Edition of ERISA and Health Insurance Subrogation In All 50 States has been completely revised, edited, and reorganized. This was partly to reflect the new direction recent case decisions have taken regarding health insurance subrogation as well as the crystallization of formerly uncertain and

nebulous areas of the law which have now received some clarity. An entirely new chapter entitled, "What Constitutes Other Appropriate Equitable Relief?" has been added and replaces the old Chapter 9, which merely dealt with Knudson and Sereboff. The new edition introduces new state court decisions addressing the issue of causation and whether and when a subrogated Plan seeking reimbursement must prove that the medical benefits it seeks to recover were causally related to the original negligence of the tortfeasor. An entirely new section was added concerning the subrogation and reimbursement rights of Medicare Advantage Plans, a statutorily-authorized Plan which provides the same benefits an individual is entitled to recover under Medicare. This includes

recent case law which detrimentally affects the rights of such Plans to subrogate. Also added to the new edition is additional law and explanation regarding Medicaid subrogation, including the differentiation between “cost avoidance” and “pay and chase” when it comes to procedures for paying Medicaid claims. Significant improvements have been made to suggested Plan language which maximizes a Plan’s subrogation and reimbursement rights. The suggested language stems from recent decisions and developments in ERISA and health insurance subrogation from around the country since the last edition. The new edition has been completely reworked both in substance and organization. Recent case law has necessitated

consolidation of several portions of the book and elimination or editing of others. A new section entitled “Liability of Plaintiff’s Counsel” has been added, which provides a clearer exposition on the laws applicable and remedies available when plaintiff’s attorneys and Plan beneficiaries settle their third-party cases and fail to reimburse the Plan. Also new to the book are recently-passed anti-subrogation measures such as Louisiana’s Senate Bill 169, § 1881, which states that no health insurer shall seek reimbursement from automobile Med Pay coverage without first obtaining the written consent of the insured. The new edition also goes into much greater detail on the procedures for and law underlying the practice of removal of cases from state court to federal court,

and the possibility of remand back to state court. This includes the Federal Courts Jurisdiction and Venue Clarification Act of 2011, effective Jan. 6, 2012, which amended federal removal, venue, and citizenship determination statutes in very significant ways. The new edition also delves into, for the first time, the role which the federal Anti-Injunction Act plays when beneficiaries sue in state court to enforce the terms of an ERISA Plan, while the Plan files suit in federal court seeking an injunction against the state court action. New case law and discussion on preemption of FEHBA subrogation and reimbursement claims have been added to Chapter 10 in the wake of new decisions regarding same.

Developing countries lose billions each year through bribery, misappropriation of funds, and other corrupt practices. Much of the proceeds of this corruption find 'safe haven' in the world's financial centers. These criminal flows are a drain on social services and economic development programs, contributing to the impoverishment of the world's poorest countries. Many developing countries have already sought to recover stolen assets. A number of successful high-profile cases with creative international cooperation has demonstrated that asset recovery is possible. However, it is highly complex, involving coordination and collaboration with domestic agencies and ministries in multiple jurisdictions, as well as the capacity to trace and secure assets and

pursue various legal options—whether criminal confiscation, non-conviction based confiscation, civil actions, or other alternatives. This process can be overwhelming for even the most experienced practitioners. It is exceptionally difficult for those working in the context of failed states, widespread corruption, or limited resources. With this in mind, the Stolen Asset Recovery (StAR) Initiative has developed and updated this Asset Recovery Handbook: A Guide for Practitioners to assist those grappling with the strategic, organizational, investigative, and legal challenges of recovering stolen assets. A practitioner-led project, the Handbook provides common approaches to recovering stolen assets located in foreign

jurisdictions, identifies the challenges that practitioners are likely to encounter, and introduces good practices. It includes examples of tools that can be used by practitioners, such as sample intelligence reports, applications for court orders, and mutual legal assistance requests. StAR—the Stolen Asset Recovery Initiative—is a partnership between the World Bank Group and the United Nations Office on Drugs and Crime that supports international efforts to end safe havens for corrupt funds. StAR works with developing countries and financial centers to prevent the laundering of the proceeds of corruption and to facilitate more systematic and timely return of stolen assets. The Financial Crisis Inquiry Report,

Authorized Edition American Bar Association

Includes the decisions of the Supreme Courts of Alabama, Florida, Louisiana, and Mississippi, the Appellate Courts of Alabama and, Sept. 1928/Jan. 1929-Jan./Mar. 1941, the Courts of Appeal of Louisiana.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by

numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
